| Mission | Mith Samlanh is a Cambodian Non Governmental Organization, founded by Friends-International, that works with and for street children/youth, their families and their communities to build their futures by:  
- *protecting* street children and youth from all forms of abuse within the scope of the International Convention of the Rights of the Child;  
- *reintegrating* street children and youth so they become actively involved in the development of their society;  
- *preventing* street children and youth from engaging in risky behaviour and/or dangerous situations that compromise their futures;  
- *improving* the way organizations work by promoting innovative and effective approaches with the active participation of the children and youth;  
- *influencing* all tiers of society to provide supportive environments and adopt positive behaviour changes.  
Since 1994, Mith Samlanh, in collaboration with Friends-International/Friends Programs, is developing creative, innovative and holistic programs, building networks, supporting youth-led projects and establishing solid protection and support services within organizations, communities and within all tiers of society while aiming at becoming sustainable. |
| General Objectives | To establish best practice services with and for street children/youth and related groups in Phnom Penh and Kampong Cham in close collaboration with national authorities |

| Result 1 | In 2010, Mith Samlanh worked with an estimated 12,700 (F: 4,931) children and youth, providing 1,460,840 (F: 371,762) services.  
Mith Samlanh did:  
- Provide safe lodging to 497 children/youth and reintegrate 170 children/youth in a safe family environment  
- Reintegrate 385 (F: 172) children to public school and support an additional 1,110 (F: 482) to remain to support (total: 1,495 children)  
- Provide vocational training to 696 youth and support 165 youth to access employment  
*Note: in the present document the term “contacts” has been replaced by “service-events”* |
Mith Samlanh has been working in collaboration with a large number of NGO partners and with Cambodian authorities such as: Commune/Sangkat chiefs, Municipality of Phnom Penh, Ministry of Social Affaire, Veterans and Youth Rehabilitation (MoSAVY), Ministry of Education Youth and Sport (MoEYS), Ministry of Health (MoH), National Authority for Combating Drug (NACD), National AIDS Authority (NAA), Municipality Phnom Penh DSAVY Centre, Kampong Cham DSAVY, Drug Related HIV/AIDS Working Group (DHA), French Cultural Centre, Royal Palace, National Museum and Toul Slang Genocide Museum. This has been achieved through meetings, consultation, training, reintegration, study visits and exchange experiences on the issues of street children.

### Result 2

**By 2011, 700 ChildSafe Network partners will protect and support 5,000 children in Phnom Penh and Kampong Cham**

- In 2010, Mith Samlanh provided training and follow up to 633 (F: 129) ChildSafe Network members and partners (129 new in Phnom Penh and Kampong Cham).
- Number of ChildSafe Network Partners:
  - 196 staff from ANZ Bank (33 new)
- Number of ChildSafe Members:
  - Phnom Penh: 344 (71 new)
  - Kampong Cham: 123 (25 new)

A total of 3,235 children and youth (F: 1,171) have been supported and protected by the ChildSafe Network in Phnom Penh and Kampong Cham Province.

### Result 3

**By 2011, the project is 60% sustainable through the establishment of training businesses and social business initiatives**

This year, Mith Samlanh achieved 44 % financial sustainability through the training businesses and social business initiatives.

The businesses that operational in Phnom Penh are:
- Friends-The Restaurant
- Romdeng restaurant
- Le Café Mith Samlanh
- Friends’N’Stuff shop
- Training Centre training businesses
- Cook books
- Home Based Productions (community business)

*Note: The financial sustainability = the income from sales of the social businesses/total expenses of the program.*
Result 4
By 2011, Mith Samlanh is recognized as having a best practice administrative system
In 2007, Mith Samlanh was awarded the Best Practice Award for NGO Good Practice, by the Cooperation Committee for Cambodia (CCC), for compliance with all standards in the Code of Ethical Principles and Minimum Standards for NGOs in Cambodia. This certification is valid for 3 years and Mith Samlanh has applied for a renewal certification in 2010.
Mith Samlanh Internal Regulations were finalized and approved by board members; they were then presented to all project team leaders, project managers and management.

Result 5
By 2011, Mith Samlanh has full ownership of its property and has built a centre that provides quality environment for its work
The Mith Samlanh fundraising “land campaign” was successfully implemented with the support of Friends-International and as a result Mith Samlanh was able to pay off its ANZ Royal Bank loan. To be able to do so, some partner foundations provided an additional soft loan of $325,000 to be reimbursed over 4 years with a 2% interest rate. (As at 31 Dec 2010 the mortgage balance was $246,162.69).
Mith Samlanh also worked with DFDL (pro-bono) to explore the various options for the land title (it was finally discovered that the new NGO law provides for that eventuality, allowing the organization to own land). The land title has not yet been transferred to Mith Samlanh, as the NGO Law is currently being disputed.

| Result 1: By 2011 Mith Samlanh is a recognized international best practice model providing a holistic range of services to 450,000 street children and youth (service events) per year in collaboration with the relevant national authorities | - All service-based SoPs are implemented by 2009 | - SoPs have not been implemented for all services. Various Standards of Procedures (SoPs) were implemented including:
- Procedures for Child Protection
- Guide book for outreach
- SoP for detoxification and harm reduction
- Other SoPs are being designed, based on FI SoPs and Guide Books:
  - Guide book for Drop In Centres
  - Guide book for Case Management
  - Guide book for School Reintegration and Family Reintegration |
- All service based SoPs are upgraded on yearly basis from 2010
- SoPs have not yet been designed and implemented for all services; therefore no outcome has been reported.

1.2 Provide holistic best practice services to 450,000 children and youth/year
- The program provides the core social reintegration services (prevention/reintegration/outreach/Housing/Education/Drugs) to 450,000 children and youth (contacts) per year – 7,500 individuals - by 2011
- The program is divided into 4 main projects providing prevention, protection and reintegration services:
  - Outreach (including drop in centres)
  - Residential services (transitional homes)
  - Education (remedial classes and vocational training)
  - Reintegration (family reintegration, school reintegration, job placement)

The projects are supported by a team of specialists who have expertise in areas such as: drugs, NFE, life skills, HIV/AIDS, medical care...

**An estimated 12,700 children and youth benefited from the program (girls = 40%) in 2010.** This is a significant decrease from 2009, when 19,200 children/youth were estimated to have benefited from the program. This decrease is attributed to better quality data collection.

**Over 1,460,840 (F: 371,762) service events were delivered this year.** Regarding the number of children, the decrease from 2009 is mainly due to refining the definition of a service event and improving the quality of data collection.

1 Outreach

A total of 619,644 (F: 164,603) service events were provided to 8,221 (F: 3,302) individual children/youth. The outreach team met 1,570 (F: 758) new children and youth and 1,549 new parents. Mith Samlanh has divided Phnom Penh city into 5 operational zones, each with a specific team and a drop in centre. In addition, two mobile drops in
centres support the outreach teams in all zones.
The outreach teams have been working increasingly in communities as well as their work on the streets.

1. Services provided to children on Outreach (street based and community based services) included:
   - Life skills: 109,733 (F: 32,912)
   - Medical: 25,722 (F: 7,922)
   - Fun activities: 62,968 (F: 22,323)
   - Harm reduction: 76,977 (F: 13,345)

2. Support to People Living With HIV and AIDS (PLWHA):
A total of 3,776 (F: 2,239) service events were provided to 221 (F: 141) individual parents/adults PLWHA and 582 (F: 297) service events were provided to 60 (F: 30) children/youth.
The support to PLWHA has been reinforced in 2010, especially through the start of self-support groups for parents. They have been very successful and have benefited to over 200 parents.

3. Peer Educators:
A total of 185 (F: 64) peer educators received training this year, including 103 (F: 34) new peers. There were 25 (F: 7) peers who dropped out over the course of 2010.
A total of 160 (F: 57) peers/safety agents continued to provide basic information about HIV/AIDS, STDs, reproductive health, hygiene, and drug harm reduction to their friends by the year’s end.
They provided 14,902 (F: 6,075) information services to youth and 5,168 (F: 2,067) information services to families, with the support of the Outreach Team.
A total of 194,363 condoms were distributed by outreach staff, peers and safety agents.
4. Referral:
A total of 801 (F: 255) street and community children/youth decided to leave the streets and were referred to study. Of the 801 there were 424 (F: 99) who joined the Training Centre and 377 (F: 156) who joined the Educational Centre in Mith Samlanh.
A total of 457 (F: 117) children/youths and parents were supported in accessing VCCT.

5. Drugs Continuum of Care
Drug users are supported through harm reduction services on the streets and in communities.

In 2010, 194,290 needles and syringes were distributed to IDUs, with the license of NACD.

The children/youth committed to giving up using drugs are supported with access to the Green House, the centre located outside of Phnom Penh, where the detoxification and rehabilitation programs are set up together.

A total of 128,119 (F: 25,557) service events were provided to 207 (F: 19) drug users accessing the treatment and detoxification centre, amongst them 44 (F: 7) were injecting drug users.

**Transitional Homes**

At the beginning of the year, MS ran 4 transitional Homes. Over the year they provided safe lodging to 497 children and youth (girls = 24%)

An average of 250 (F: 52) children/youth were accommodated each month.

At the end of December 2010 one Transitional Home was closed because of lack of funding, all children were accommodated in the remaining three other houses. Each home can accommodate between 60 and 100 children.
**Education**

- 647 (girls = 40%) children studied in the Educational Centre. The Educational centre is composed of 8 classes of different levels. Six classes are remedial classes supporting children to access an education level that will allow them to enrol in public school and 2 classes are support classes for children already enrolled in public school.

- 696 (girls = 25%) young people studied in the Training Centre. The training centre provides 10 different training skills: cooking/serving, hairdressing, beautician, laundry, electronics, electricity, motorbike repair, car engine repair, welding and sewing.

In addition to their studies, all children/youth accessed fun activities such as dance, art, drawing/painting, sports, study visit and library at the Club Friends. Furthermore, they had access to medical consultations and treatments and life skills activities.

All children and youth also received support during their studies to prepare their reintegration into public school, employment or small business.

**Reintegration:**

- 170 children were supported to reintegrate in a safe family environment.
- 385 children were reintegrated to public school.
- 165 youth were supported with access to employment through job placement or material to start a small business.

The team provided support to the children/youth and/or the families for reintegration. Furthermore they organized regular follow-up to ensure the success of placements in the provinces.

The Kampong Cham project was handed over to the Dsavy in December 2010. This project had been initiated by MS in 2005 and run together with the Dsavy ever since,
- Street children profile and regular research on related issues published

- Program and projects evaluated and monitored on an ongoing basis to ensure best practice

- Team provided with ongoing training and technical support

with the objective of preventing the unsafe migration of vulnerable children/youth in Kampong Cham. Mith Samlanh will continue to provide support to the Dsavy for the running of the project.

- The Street Children Profile 2009 was completed as part of the Cambodian Street Children Network, with the support of Friends-International. The results were presented to various NGOs partners.

- Mith Samlanh started to collect data for the new Street Children profile, in collaboration with Cambodia Street Children Network members. On December 29, 2010, the outreach team conducted a snapshot survey with children/youth living and working on the street. A total of 2,400 (F: 767) individuals were interviewed by Mith Samlanh.

- The annual drug snapshot survey of children/youth living and working on the streets was conducted by the outreach team on December 23, 2010, with support from the drug specialist. A total of 3,689 (F: 1,312) individuals were interviewed.

- An external evaluator recruited by the CCFD and European Union came to evaluate the Non Formal Education project on 15-30 March 2010, to ensure the project’s progress after the last evaluation. Main outcomes and recommendations of the evaluation were:
  - Expected results of the project were achieved
  - Provide more support to the teachers in Mith Samlanh to develop new activities and to face discipline issues with some children
  - Continue the collaboration with Ministry of Education to support public school teachers to use child centred methodologies.
  - Document and promote the best practices materials and tools developed by Mith Samlanh to other organizations.

- Friends- International conducted an evaluation of Mith Samlanh’s outreach project and aims to monitor and improve the quality service of outreach teams provided in December 2010. Main outcomes and recommendations of the evaluation were:
- The interventions of MS outreach teams are very much adapted to the needs of the target group
- Life skills could be more exciting and should be renewed on regular basis
- NFE activities should be reinforced through new materials

The following donors conducted monitoring visits this year:
- Muslim Aid: 28th January 2010
- European Union: 3rd of March 2010
- CCFD: 30th -31st August 2010
- Planet Wheeler: 20th October 2010

This year, on average every staff member received two trainings, a total of 520 participants joined in the various training sessions (MS has 260 staff).
